

NHBUA THREE PERSON UMPIRING SYSTEM

Balk Concentration: Three Umpires

There are some balk calls that are more obvious from some positions. These are some things to concentrate on ; however, the bottom line is if you see the balk call it. These are in no way the only calls you can make regarding a balk.

- A. Plate Umpires should concentrate on:
 1. Left-handed pitchers stepping towards home.
 2. Left and right-handed pitchers coming to a complete stop.
 3. Right-handed pitchers gaining ground on the jump turn.

- B. U1 should concentrate on:
 1. Left-handed pitchers step or body movement towards home.
 2. Left-handed pitcher coming to a complete stop.
 3. Left-handed pitcher breaking back edge of pitchers plate.

- C. U3 should concentrate on:
 1. Right-handed pitcher coming to a complete stop.
 2. Right handed pitcher stepping towards plate on 1st to 3rd play.
 3. Right-handed pitcher breaking back edge of pitchers plate.

- See a balk call the balk. All umpires should kill the play when one umpire calls the balk.

Basic Outfield Coverage: Three Umpires

- A. Conditions that require an umpire to go out from the “A” and “D” positions.
 1. The outfielder turns and begins to run toward the outfield fence.
 2. Multiple players converging on the fly ball.
 3. A catch being made below the waist.
 4. Outfielder moving towards the foul line.

- B. When an umpire goes out , the crew will revert to a two person umpiring system.

- C. When in doubt, GO OUT!!
 1. If you go out , go out hard.
 2. Leave no doubt in your partners minds about whether or not you are going.
 3. Signal your partner by raising your arm if you are going out. Communicate.
 4. Once you go out do not return until the play is complete.
